Hi Vanessa,

I checked with the workers. This afternoon they are spray painting at Jugglers (an offsite art studio).
So if you guys come to our office at 1pm and ask for Debra (she's the coordinator of the program)

she will transport everyone to Jugglers. If [REDACTED] isn't keen to spray paint there will be other things to do.

Subject: Housing Information

Hi Megin,

Please find below my recommendations for urgent housing options for your [REDACTED]

Anglican Women's Hostel	Bardon	18+ years
Bahloo Women's Shelter	Woolloongabba	16-25 years
Hannah's House	Ipswich	13-17yrs

Caboolture Youth Shelter	Burpengary	14-21 years	
Chameleon Housing	Kippa-Ring	16-17 years	
Ipswich Independent	North Ipswich	16-21 years	
Nathanael House	Mt Gravatt East	15-17 years	
Orana Youth Shelter	Bald Hills	16-18 years	
Youth Emergency Services	Windsor	15-18 years	

None of these options will likely be ideally suited for your [REDACTED] needs as they are homelessness services not mental health services and so aren't necessarily well equipped to adequately support chronic, high needs mental health. They are all crisis shelters and so have a worker on 24 hrs and can accommodate for around 3 months; however there are no guarantees that long term housing will be sourced in that timeframe.

I spoke with my CEO about your situation and she has suggested that the most appropriate action for you take would be to approach some fellow government departments. So the first thing you should do is contact the Dept. Housing and Public Works for housing for the [REDACTED] who need such urgently.

For support, she suggested that for you [REDACTED] you approach [REDACTED] services and for your 18+ [REDACTED] and request appropriate support packages for them, as it is unlikely that any homelessness service will have the resources to provide intensive enough support for those [REDACTED] (i.e. 24 hr, very long term, etc). These government bodies should be able to provide the appropriate 24 hr care your [REDACTED] need.

With regards to your other young people who may be looking for other support; here is our website www.brisyouth.org and attached is our activities schedule for October.

My CEO also suggested that you contact Partners In Recovery at the [REDACTED] Medicare Locals and request their support to source appropriate care packages for your [REDACTED]. I don't know too much about them, sorry, but I do know that they don't provide the services but assist in sourcing such.

Also, for ongoing psychological treatment Headspace is probably the best placed service to provide psychological care

Please let me know if there is any further information I can provide you with!

Subject: Support services for Barrett Adolescent Centre clients

Dear John,

We have received your contact details through the Youth at Risk Initiative (YARI)/Youth Support Co-ordinator Initiative (YSCI) from the Department of Communities.

Barrett Adolescent Centre is a service that provides medium term, recovery-oriented treatment and rehabilitation for young people aged 13-18 years with severe and persistent mental health problems, which significantly interfere with social, emotional, behavioural and psychological functioning and

development. It is in the process of being closed in January 2014, therefore we are transitioning our clients to suitable community services.

We are interested in connecting our young people with services that provide life skill development, vocational/educational supports, community integration and age-appropriate leisure programs. The majority of our young people experience varying levels of anxiety and have been disengaged with their local communities for a period of time while they have been receiving inpatient mental health care, including attending an alternate education program. We have [REDACTED] clients that require the services outlined above as well as more intensive supports to monitor their safety, wellbeing and quality of life.

Could you please contact Vanessa Clavworth (Clinical Nurse Consultant) or Megan Hayes (Occupational Therapist) on [REDACTED] or via email with any support programs you are able to offer or to discuss further. We hope you can appreciate the time sensitive nature of this matter and the vulnerability of the young people involved.

Kind regards

Megan Hayes

Hi Vanessa,

Unfortunately nothing at all, the only contact I have had back is from our youth shelter at [REDACTED]. They said they had spoken with you previously and that at that time they advised they weren't the best service for you because they are short term crisis accommodation and not an ideal setting for your clients. However in their email back to me they said if it comes down to it and you haven't found placements for your clients they will definitely help out. If you want their contact details again here they are:

Coordinator: Rachel Bunn

Phone: [REDACTED]

Email: [REDACTED]

Have you had any luck in finding places for the four that you referred over to us? So far we haven't had any vacancies to be able to help them out. I really don't envy your position right now, and have been thinking of you and your clients! If you want to put together another email for me to forward out through the network to remind them that you still are looking for accommodation I would be more than happy to send that on.

Also I had this resource emailed to me the other day, chances are you have seen it already but I am attaching it just in case you haven't.

Hi all

Just thought I would send a quick email to let you know that today went well.

Whilst there was some high emotion when we first arrived, the young people [REDACTED] and [REDACTED] seemed to be okay with us and we spent the first hour just chatting with them and hanging out.

[REDACTED] and [REDACTED] then wanted to do some art, which we were happy to engage in until lunchtime. [REDACTED] and [REDACTED] arrived just before lunch so Jae caught up with them briefly.

After lunch, we had a couple of facilitators come in to run a drum beat session....this was received less than favourably!! Only [REDACTED] participated fully, though [REDACTED] and [REDACTED] started but then left the group. Towards the end of the session, [REDACTED] participated in the body percussion we were doing. [REDACTED] watched from the side for most of the session and did not engage when invited to participate, nor did [REDACTED]. Despite this, I think the young people were all fairly comfortable with our presence by the end of the day.

[REDACTED], [REDACTED] and [REDACTED] all expressed interest in future activities, though [REDACTED] was very disappointed [REDACTED] will not be present after today.

Overall, a fairly positive first day. Tomorrow the ultimate games bus will be there for the duration of the day program.

Vanessa, are the appropriate people aware that they will not be able to access the end of the cul-de-sac for the next 2 days?

Thanks again to Liam and Alex in particular, who were positive and welcomed us.

Hi Vanessa,

Thanks for your email, and sharing these documents.

The address at [REDACTED]
Access is via traffic lights directly opposite [REDACTED] High School, turn left at lights, and immediate right towards other traffic lights. Access to [REDACTED] is via that short service road. I won't physically be there to meet with you and [REDACTED] but if you are stuck for directions you are welcome to contact me on my mobile below.

I hope everything goes well tomorrow.

Hi Shannon,

Thank you for the email apologies in delay I was rostered off on Friday and have had meetings this morning.

[REDACTED] met with Emma this morning and [REDACTED] reported that [REDACTED] "liked Emma and [REDACTED] seemed nice but [REDACTED] was not in the right headspace to be with [REDACTED] shared with myself copy of Transition Plan: [REDACTED]

[REDACTED] current source of income is [REDACTED] \$340 per fortnight in which is deposited into [REDACTED] account as reported by [REDACTED] reports that [REDACTED] does not have an active personal bank account. I have discussed with the Social Worker at Barrett Guardianship; This has not been discussed with [REDACTED] or explored with [REDACTED] Therefore, [REDACTED] reported that [REDACTED] found it difficult to discuss goals, interests and activities with Emma.

I intend to support [REDACTED] in visiting [REDACTED] tomorrow. Shannon can you please email me the address. I have attempted to contact Emma but I think she may of been travelling at the time back to [REDACTED] Emma if you could please call me at your next available time to discuss a convenient time for me to escort [REDACTED] to [REDACTED] Thank you for the consideration of the key risks within [REDACTED] environment. In our next Case Conference the team will discuss current provision of 15 minute visual observations and assess [REDACTED] current risks.

Application with Department of Housing has been spoken about with the Transition Team at Barrett. Shannon do you have any thoughts about this for [REDACTED]

routine has recently changed due to the school year ending. Barrett is facilitating a Holiday Program in partnership with [REDACTED] will be participating in the Holiday Program Monday to Thursday 0900-1400 hours. [REDACTED] normally wakes at 0745 hours and has the ability to occupy [REDACTED] own leisure time in the afternoons. Although does need support and prompting in occupying own leisure time. [REDACTED] is sue to having meals at 080, 1015, 1200, 1500, 1700 and 1930 hours. [REDACTED] normally retires to bedroom at 2130 hours and appears to be asleep by 2300 hours. On the weekends [REDACTED] at times has leave with the family; leave with family is dependant on mental state and safety.

Please find attached copy of [REDACTED] Current Management Plan, Interservice Communication Plan, Crisis Intervention Plan and Risk Assessments. Note Management when on Continuous Observations; increased support and supervision and decreased access to belongings. If you would like to know details of same I am more than happy to email details.

Thank you for your time,

Vanessa.

Hi all

Just thought I would send a quick email to let you know that today went well.

Whilst there was some high emotion when we first arrived, the young people [REDACTED] and [REDACTED] seemed to be okay with us and we spent the first hour just chatting with them and hanging out.

[REDACTED] and [REDACTED] then wanted to do some art, which we were happy to engage in until lunchtime. [REDACTED] and [REDACTED] arrived just before lunch so Jae caught up with them briefly.

After lunch, we had a couple of facilitators come in to run a drum beat session....this was received less than favourably!! Only [REDACTED] participated fully, though [REDACTED] and [REDACTED] started but then left the group. Towards the end of the session, [REDACTED] participated in the body percussion we were doing. [REDACTED] watched from the side for most of the session and did not engage when invited to participate, nor did [REDACTED]. Despite this, I think the young people were all fairly comfortable with our presence by the end of the day.

[REDACTED] and [REDACTED] all expressed interest in future activities, though [REDACTED] was very disappointed [REDACTED] will not be present after today.

Overall, a fairly positive first day. Tomorrow the ultimate games bus will be there for the duration of the day program.

Vanessa, are the appropriate people aware that they will not be able to access the end of the cul-de-sac for the next 2 days?

Thanks again to Liam and Alex in particular, who were positive and welcomed us.

Anne and Vanessa, we hope to see you soon.

Please find attached 12 month estimated support plan for [REDACTED] based on discussions Karen and I have had after meeting with [REDACTED] yesterday.

I am happy for your feedback, and hope we may be able to meet to discuss at some point next week, potentially after Emma's visit to BAC and [REDACTED] first visit to [REDACTED] when we have had further opportunity to assess [REDACTED] needs.

Keryn, please let me know if you need more information for costings.

Have a good weekend.

Hi Vanessa,

Thanks for your call today. Attached to this email is some information for your organisation on our services and how to refer a young person.

Big Brothers Big Sisters' community-based mentoring program involves matching a volunteer mentor with a young person who would benefit from additional adult support and friendship. The program is designed to complement the young person's existing family relationships.

Big Brothers and Sisters commit to spending quality time with a young person; a minimum of 1 hour 3 to 4 times per month for a minimum of 12 months. Together, they undertake simple and inexpensive activities which both enjoy. Volunteers and young people are matched according to their interests, personalities and location. All volunteers are carefully selected and trained prior to matching, and ongoing support and supervision is provided. You will have an opportunity to meet the mentor prior to matching. No match is finalised without parental approval.

Big Brothers Big Sisters relies upon suitable members of the community volunteering to become mentors. Unfortunately, this means we cannot guarantee a match for every child.

Kind Regards,

Thomas Rowson

Subject: Housing Information

Hi Megin,

Please find below my recommendations for urgent housing options for your [REDACTED]

Anglican Women's Hostel	Bardon	18+ years	[REDACTED]
-------------------------	--------	-----------	------------

Bahloo Women's Shelter	Woolloongabba	16-25 years	
Hannah's House	Ipswich	13-17yrs	

Caboolture Youth Shelter	Burpengary	14-21 years	
Chameleon Housing	Kippa-Ring	16-17 years	
Ipswich Independent	North Ipswich	16-21 years	
Nathanael House	Mt Gravatt East	15-17 years	
Orana Youth Shelter	Bald Hills	16-18 years	
Youth Emergency Services	Windsor	15-18 years	

None of these options will likely be ideally suited for your [REDACTED] needs as they are homelessness services not mental health services and so aren't necessarily well equipped to adequately support chronic, high needs mental health. They are all crisis shelters and so have a worker on 24 hrs and can accommodate for around 3 months; however there are no guarantees that long term housing will be sourced in that timeframe.

I spoke with my CEO about your situation and she has suggested that the most appropriate action for you take would be to approach some fellow government departments. So the first thing you should do is contact the Dept. Housing and Public Works for housing for the [REDACTED] who need such urgently.

For support, she suggested that for [REDACTED] you approach [REDACTED] services and for your [REDACTED] and request appropriate support packages for them, as it is unlikely that any homelessness service will have the resources to provide intensive enough support for those [REDACTED] (i.e. 24 hr, very long term, etc). These government bodies should be able to provide the appropriate 24 hr care your [REDACTED] need.

With regards to your other young people who may be looking for other support; here is our website www.brisyouth.org and attached is our activities schedule for October.

My CEO also suggested that you contact Partners In Recovery at the [REDACTED] Medicare Locals and request their support to source appropriate care packages for your [REDACTED]

[REDACTED] I don't know too much about them, sorry, but I do know that they don't provide the services but assist in sourcing such.

Also, for ongoing psychological treatment Headspace is probably the best placed service to provide psychological care

Please let me know if there is any further information I can provide you with!

Subject: Housing Information

Hi Megin,

Please find below my recommendations for urgent housing options for your [REDACTED]

Anglican Women's Hostel	Bardon	18+ years	[REDACTED]
Bahloo Women's Shelter	Woolloongabba	16-25 years	
Hannah's House	Ipswich	13-17yrs	

Caboolture Youth Shelter	Burpengary	14-21 years	[REDACTED]
Chameleon Housing	Kippa-Ring	16-17 years	
Ipswich Independent	North Ipswich	16-21 years	
Nathanael House	Mt Gravatt East	15-17 years	
Orana Youth Shelter	Bald Hills	16-18 years	
Youth Emergency Services	Windsor	15-18 years	

None of these options will likely be ideally suited for your [REDACTED] needs as they are homelessness services not mental health services and so are not necessarily well equipped to adequately support chronic, high needs mental health. They are all crisis shelters and so have a worker on 24 hrs and can accommodate for around 3 months; however there are no guarantees that long term housing will be sourced in that timeframe.

I spoke with my CEO about your situation and she has suggested that the most appropriate action for you to take would be to approach some fellow government departments. So the first thing you should do is contact the Dept. Housing and Public Works for housing for the [REDACTED] who need such urgently.

For support, she suggested that for your [REDACTED] you approach [REDACTED] services and for your [REDACTED] and request appropriate support packages for them, as it is unlikely that any homelessness service will have the resources to provide intensive enough support

for those [REDACTED] (i.e. 24 hr, very long term, etc). These government bodies should be able to provide the appropriate 24 hr care you [REDACTED] need.

With regards to your other young people who may be looking for other support; here is our website www.brisyouth.org and attached is our activities schedule for October.

My CEO also suggested that you contact Partners In Recovery at the [REDACTED] Medicare Locals and request their support to source appropriate care packages for your young women. I don't know too much about them, sorry, but I do know that they don't provide the services but assist in sourcing such.

Also, for ongoing psychological treatment Headspace is probably the best placed service to provide psychological care

Please let me know if there is any further information I can provide you with!

Hi Robyn,

I am emailing you on behalf of Barrett Adolescent Centre at The Park Centre for Mental Health; Barrett Adolescent Centre is an Extended Treatment and Rehabilitation Service for Adolescents with a Mental Illness/require support. The Unit is due to close end of January 2014.

There are [REDACTED] between the age of [REDACTED] that require supported accommodation with individual needs that I would like to discuss with your service.

If you could make phone contact with myself re suitability that would be greatly appreciated.

Thank you for your time,

Hi Vanessa,

Please find attached our referral form. Feel free to fill out one for each client you need accommodation for and either scan and email them back to me or fax them back to me via: [REDACTED]

I've just had a chat to other workers in my office to see if they can come up with any creative solutions that might help your service. One suggestion was whether you could send me an email outlining the situation so we can forward it out through our housing network to see if we can come up with a collaborative response. If this isn't appropriate though that is completely fine but if this will help I am happy to do that.

I also rang a mental health housing service on the Coast here called Graceville (wasn't sure if you had already talked to them but they are just someone I thought of). Clients need to be 18 years of age though to be referred there. If you happen to have any clients who are currently 18 or about to turn 18 you might be able to try Graceville (<http://lccqld.org.au/community-services-disability-support-nambour>). They said the referral needs to come from [REDACTED] though so clients would already need to be linked in with [REDACTED] for this to happen.

Dear John,

We have received your contact details through the Youth at Risk Initiative (YARI)/Youth Support Co-ordinator Initiative (YSCI) from the Department of Communities.

Barrett Adolescent Centre is a service that provides medium term, recovery-oriented treatment and rehabilitation for young people aged 13-18 years with severe and persistent mental health problems, which significantly interfere with social, emotional, behavioural and psychological functioning and development. It is in the process of being closed in January 2014, therefore we are transitioning our clients to suitable community services.

We are interested in connecting our young people with services that provide life skill development, vocational/educational supports, community integration and age-appropriate leisure programs. The majority of our young people experience varying levels of anxiety and have been disengaged with their local communities for a period of time while they have been receiving inpatient mental health care, including attending an alternate education program. We have [REDACTED] clients that require the services outlined above as well as more intensive supports to monitor their safety, wellbeing and quality of life.

Could you please contact Vanessa Clayworth (Clinical Nurse Consultant) or Megan Hayes (Occupational Therapist) on [REDACTED] or via email with any support programs you are able to offer or to discuss further. We hope you can appreciate the time sensitive nature of this matter and the vulnerability of the young people involved.

Kind regards

Megan Hayes

Based on what you have specified within your email it sounds like our LIFE (Life Independence for Everyone) Program would be most relevant. I've attached a brochure for your reference.

Transition Team,

I have just met with Cassie, Project Manager from [REDACTED] and [REDACTED] is very keen to support the transition of BAC Adolescents; I would like to prioritise [REDACTED] (and consider [REDACTED] as the staff will be specialised Mental Health Support worker staff.

There is no exclusion criteria. They are willing to provide trained Youth Mental Health Support Workers (seek and train) 24/7 if required in any location in Brisbane and surrounding areas. Unfortunately they do not provide Housing or Funding; we would be required to source and provide funding and accommodation.

As per model of risk mitigation I feel as though this is the high level of support that is required. If this is an option that could be considered I would recommend that BAC staff provide outreach to adolescents and [REDACTED] staff during transition. I would also recommend that contact is made with Education Facilitators of Youth Mental Health Worker programs in order for expression of interest to take place in order to assist [REDACTED] with recruitment.

Look forward to your feedback,

Vanessa.

Hi Gabbey,

I have forwarded the referral forms onto the Social Worker to complete.

Thank you for speaking with your colleagues re the current situation for Adolescents at Barrett. The unit will be closing end of January 2014. By December 2013 I hope to have community supports in place for all adolescents.

The remainder of adolescents do not require supported accommodation as they are returning to their families. They do however need support; example mentors.

If you could collaborate with other housing services that would be greatly appreciated. There is opportunity for brokerage in order to best meet the needs of the Adolescents.

Thank you for your time,

Vanessa

Hi Renee

Thank you so much for assisting us in prioritising a time in Dr Crompton's schedule to progress the Barrett Adolescent Centre consumer transition of care planning meeting.

If this still suits, please schedule in **Wednesday 6/11/13, 12.30 - 1.30pm at the Conference Room, Sanders St, Mt Gravatt**. Would you mind sending through the full set of venue details?

Attendees from West Moreton HHS will be Dr Anne Brennan (A/Clinical Director of BAC), Vanessa Clayworth (CNC of BAC) and Laura Johnson (Secretariat). Dr Darren Neillie (A/Director Clinical Services) will also try to attend, but may need to t/conf in if the facilities are available.

I have informed Anne and the team of the option to stay beyond 1.30pm with the Metro Sth clinicians (as nominated by David) to finalise the planning arrangements, noting that David will need to leave at 1.30pm.

If there are any changes required, please feel free to give me a call.

I gave her an outline of [REDACTED] situation as it seems you discussed a few clients with her last conversation. She will get a costing on it. Nextt would also need some guarantee of funding be available so I imagine that would be Laura's brief.

Subject: Support services for Barrett Adolescent Centre clients

Dear John,

We have received your contact details through the Youth at Risk Initiative (YARI)/Youth Support Co-ordinator Initiative (YSCI) from the Department of Communities.

Barrett Adolescent Centre is a service that provides medium term, recovery-oriented treatment and rehabilitation for young people aged 13-18 years with severe and persistent mental health problems, which significantly interfere with social, emotional, behavioural and psychological functioning and

development. It is in the process of being closed in January 2014, therefore we are transitioning our clients to suitable community services.

We are interested in connecting our young people with services that provide life skill development, vocational/educational supports, community integration and age-appropriate leisure programs. The majority of our young people experience varying levels of anxiety and have been disengaged with their local communities for a period of time while they have been receiving inpatient mental health care, including attending an alternate education program. We have [REDACTED] clients that require the services outlined above as well as more intensive supports to monitor their safety, wellbeing and quality of life.

Could you please contact Vanessa Clayworth (Clinical Nurse Consultant) or Megan Hayes (Occupational Therapist) on [REDACTED] or via email with any support programs you are able to offer or to discuss further. We hope you can appreciate the time sensitive nature of this matter and the vulnerability of the young people involved.

Kind regards

Megan Hayes

Hey [REDACTED]

Yes, I just heard that they were accepted! Awesome!

Ah, no. [REDACTED] would definitely struggle therapeutically with a [REDACTED]. If you have room to take on another patient I think you would work really well with [REDACTED] otherwise, another [REDACTED] who has good experience with [REDACTED] would be ideal. It would be cool to be part of the handover with [REDACTED] to you if you take [REDACTED] on :)

No worries... we can meet some other time.. soon :)
Can't wait to talk more about your new place :)

Ash

Hey Ash,

I would love to but ive got insurance rates to look up before I meet with the mortgage guy tomorrow!! Very exciting ☺

I just spoke to Nathan and he went to a meeting about the Barrett today. I don't think its formally confirmed but both [REDACTED] and [REDACTED] will come to us. Plans are for [REDACTED] to be housed at transitional housing and therapy at mood. They recommended [REDACTED] had to have a [REDACTED] therapist and im happy to take [REDACTED] but out of interest do you think [REDACTED] could work with a [REDACTED]

Awesome. Can't wait to hear more. When are you free next? Any chance for a quick coffee this arvo?

>>> [REDACTED] 11/4/2013 4:22 pm >>>

Hmmm, I think another vent session is in order

Yes, I think im going to buy the unit I was talking about at [REDACTED]. Ill have to show pics when I see you next.

Awesome thanks :) I don't think we have received confirmation our end regarding [REDACTED] yet.

Yeah, I'm ok thanks. I had yet another meeting regarding this conflict of interest stuff. I have had to make it clear to the team that I would be unable to see patients privately whilst I am a QHealth employee and make it clear not to suggest seeing me privately. Other than that just doing paperwork. :S

So, how exciting for you miss with your contract on a house. Details!!!!???)

>>> [REDACTED] 11/4/2013 12:54 pm >>>

Thanks Ash. Ill chat to Nathan about it.

How are you doing today?

Hey [REDACTED]

My understanding is there are still meetings regarding patients at BAC with higher management at PAH.

As discussed, [REDACTED] has been referred, though Dr Anne Brennan will be meeting to also discuss patient [REDACTED]

Hi Megan,

Since there is no case conference today when you get to work would you like to come over to my office so we can give each other updates.

These are things that may need to be followed up- can we look at below together and prioritise same:

I spoke with [REDACTED] on Friday and completed Intake for [REDACTED]

Catch up soon,

Vanessa

Dear all

Here is an update on the progress towards [REDACTED] transition. I have had troubles with outlook this morning recognising Anne and Vanessa's email addresses. Laura could you get this to them please.

Bottom line is that until housing has been established it is difficult to move forward. It looks like we have about 3-4 weeks minimum to get organised.

Regards
Janelle

Use this link is you need more information.
If you have access to a JP you don't need [REDACTED] to come in to lodge othherwise [REDACTED] will.
[REDACTED] housing is aware of application and send it to appropriate place when received.

Hi Gabbey,

I am wondering if you have had any recommendations from people within your Housing Network for the adolescents Megan and I have had contact with you about?

Thank you for your time,
