Hi Vanessa,

Unfortunately nothing at all, the only contact I have had back is from our youth shelter at [REDACTED]. They said they had spoken with you previously and that at that time they advised they weren't the best service for you because they are short term crisis accommodation and not an ideal setting for your clients. However in their email back to me they said if it comes down to it and you haven't found placements for your clients they will definitely help out. If you want their contact details again here they are:

Coordinator: Rachel Bunn

Phone [REDACTED]

Email: [REDACTED]

Have you had any luck in finding places for the four that you referred over to us? So far we haven't had any vacancies to be able to help them out. I really don't envy your position right now, and have been thinking of you and your clients! If you want to put together another email for me to forward out through the network to remind them that you still are looking for accommodation I would be more than happy to send that on.

Also I had this resource emailed to me the other day, chances are you have seen it already but I am attaching it just in case you haven't.

Kind Regards,

Gabbey Prosser

Hi Gabbey,

I am wondering if you have had any recommendations from people within your Housing Network for the adolescents Megan and I have had contact with you about?

Thank you for your time,

Vanessa

Hi Cassie,

I tried calling you yesterday. There has been Complex Care Panels for the three [REDACTED] we initially discussed: [REDACTED]. I passed the details we discussed onto the Project Officer for Barrett's Transition; Project Officer was looking into costings, terms of reference and profiling.

It was decided at this point in time that [REDACTED] is a focus for the support your service provides.

On Monday [REDACTED] was supported by myself in submitting an application for Transitional Housing. The suburbs that [REDACTED] selected were: Annerley, Yeronga, Moorooka, Eight Mile Plains, Greenslopes and Carindale (Last choice). We requested that the unit/town house be in a secure complex and two bedrooms so there was a bedroom for staff that are supporting [REDACTED] is at the top of the Housing list as [REDACTED] was categorised as a very high need.

Barrett staff have met with [REDACTED] Health Service and [REDACTED] has been accepted in to the Mood Stream Mental Health team at [REDACTED] has been allocated 2 x Case Managers. [REDACTED] will continue next year to study [REDACTED] in the [REDACTED] on a Tuesday and Work Experience at a [REDACTED] in [REDACTED] on Tuesdays and Thursdays.

I will contact Barrett Project Officer and let her know that I have had email contact with yourself. Please find her details below if you would like to make contact:

Hi Dianne,

As per request you made to Barrett Consultant today please find attached letter from Housing Service Centre for [REDACTED]. If you need any further information please do not hesitate to contact myself.

I had contact with staff member that logged request from [REDACTED] office today and was informed that [REDACTED] still remains high on the list for housing and that contact would be made with myself from [REDACTED] office once there is a vacancy.

Thank you for your time,

Hi Vanessa

As discussed Barrett is unable to refer to [REDACTED] as it is [REDACTED] and [REDACTED] service only and does not cover all services within the [REDACTED] catchment. It is a skill development program for people with major mental illness who are homeless and needing to leave acute inpatient units (as its primary function – although we do also take highly transient people from CCTs who are at risk of homelessness). Our role is to assist these clients to gain and maintain the skills they need to maintain stable accommodation for the future (cooking cleaning budgeting, as well as community integration – travel training access to education employment etc. I have attached some information about our service – its pretty old and we are currently in the process of updating this.

Hi Janelle

I think it would be of benefit for the [redacted] mental health treating team, [redacted] staff, and BAC staff to get together at Burke St to discuss the roles of each organisation in [redacted] transition. I would think the first meeting would be without [redacted] to just discuss the different services expectations and recommendations.

Thoughts?

Hi Janelle

No updates re [redacted] we are trying to get the unit empty for [redacted] but this is unlikely before early January as we are struggling to find accommodation for the man leaving this unit. I am however hoping that [redacted] can meet [redacted] and begin the assessment process so we can determine level of support needed from [redacted] staff to gain the skills necessary for independent living. I note Nathan was discussing the need to clarify the individual services roles in his last email.

Subject: Day One - HDP

Hi all

Just thought I would send a quick email to let you know that today went well.

Whilst there was some high emotion when we first arrived, the young people [REDACTED] seemed to be okay with us and we spent the first hour just chatting with them and hanging out.

[REDACTED] then wanted to do some art, which we were happy to engage in until lunchtime. [REDACTED] arrived just before lunch so Jae caught up with them briefly.

After lunch, we had a couple of facilitators come in to run a drum beat session....this was received less than favourably!! Only [REDACTED] participated fully, though [REDACTED] started but then left the group. Towards the end of the session, [REDACTED] participated in the body percussion we were doing. [REDACTED] watched from the side for most of the session and did not engage when invited to participate, nor did [REDACTED]. Despite this, I think the young people were all fairly comfortable with our presence by the end of the day.

[REDACTED] all expressed interest in future activities, though [REDACTED] was very disappointed [REDACTED] will not be present after today.

Overall, a fairly positive first day. Tomorrow the ultimate games bus will be there for the duration of the day program.

Vanessa, are the appropriate people aware that they will not be able to access the end of the cul-de-sac for the next 2 days?

Thanks again to Liam and Alex in particular, who were positive and welcomed us.

Anne and Vanessa, we hope to see you soon.

Regards

Myf

Hi Vanessa,

I forgot to mention that Ashleigh obtained a consent form from [REDACTED] concerning [REDACTED] clinical documentation at the Barrett.

I was wondering if you could photocopy any relevant information (i.e. initial assessment report) you see pertinent to [REDACTED] ongoing treatment and bring this along to the meeting on Wednesday? I spoke to the clinical director and he mentioned this is covered by the QHealth policy and legislation.

Hi Vanessa,

There's no update at this time.

I have a teleconference with AS&RS tomorrow morning (9.30) and hope to have new information following that.

Hi Ronald,

The closure of Barrett is set for the 26th of January. All of the other adolescents will be transitioned out of BAC by the end of the week 17th January if all goes to plan. Is there any updates re [REDACTED] Accommodation?

Thank you for your time,

Vanessa.

Hi BC Team,

I hope that everyone had a safe and relaxing Christmas and New Year.

Has a firm date been set for the closure of the Barrett Centre, and for when [REDACTED] would need to exit?

Kind regards,

Hi Megin,

Please find below my recommendations for urgent housing options for your [REDACTED]

| | | | |
|-------------------------|--------|-----------|------------|
| Anglican Women's Hostel | Bardon | 18+ years | [REDACTED] |
|-------------------------|--------|-----------|------------|

| | | | |
|------------------------|---------------|-------------|--|
| Bahloo Women's Shelter | Woolloongabba | 16-25 years | |
| Hannah's House | Ipswich | 13-17yrs | |

| | | | |
|--------------------------|-----------------|-------------|--|
| Caboolture Youth Shelter | Burpengary | 14-21 years | |
| Chameleon Housing | Kippa-Ring | 16-17 years | |
| Ipswich Independent | North Ipswich | 16-21 years | |
| Nathanael House | Mt Gravatt East | 15-17 years | |
| Orana Youth Shelter | Bald Hills | 16-18 years | |
| Youth Emergency Services | Windsor | 15-18 years | |

None of these options will likely be ideally suited for your young [REDACTED] needs as they are homelessness services not mental health services and so aren't necessarily well equipped to adequately support chronic, high needs mental health. They are all crisis shelters and so have a worker on 24 hrs and can accommodate for around 3 months; however there are no guarantees that long term housing will be sourced in that timeframe.

I spoke with my CEO about your situation and she has suggested that the most appropriate action for you take would be to approach some fellow government departments. So the first thing you should do is contact the Dept. Housing and Public Works for housing for the [REDACTED] who need such urgently.

For support, she suggested that for your [REDACTED] you approach [REDACTED] services and for your [REDACTED] and request appropriate support packages for them, as it is unlikely that any homelessness service will have the resources to provide intensive enough support for those [REDACTED] (i.e. 24 hr, very long term, etc). These government bodies should be able to provide the appropriate 24 hr care your [REDACTED] need.

With regards to your other young people who may be looking for other support; here is our website www.brisyouth.org and attached is our activities schedule for October.

My CEO also suggested that you contact Partners In Recovery at the [REDACTED] Medicare Locals and request their support to source appropriate care packages for your [REDACTED]

I don't know too much about them, sorry, but I do know that they don't provide the services but assist in sourcing such.

Also, for ongoing psychological treatment Headspace is probably the best placed service to provide psychological care

Please let me know if there is any further information I can provide you with!

Hi Vanessa,

Please find attached our referral form. Feel free to fill out one for each client you need accommodation for and either scan and email them back to me or fax them back to me via [REDACTED]

I've just had a chat to other workers in my office to see if they can come up with any creative solutions that might help your service. One suggestion was whether you could send me an email outlining the situation so we can forward it out through our housing network to see if we can come up with a collaborative response. If this isn't appropriate though that is completely fine but if this will help I am happy to do that.

I also rang a mental health housing service on the Coast here called Graceville (wasn't sure if you had already talked to them but they are just someone I thought of). Clients need to be 18 years of age though to be referred there. If you happen to have any clients who are currently 18 or about to turn 18 you might be able to try Graceville (<http://lccqld.org.au/community-services-disability-support-nambour>) [REDACTED]

Would love to assist you in any way we can to try and get some positive housing options for these kiddo's.

Cheers,

Hi Vanessa,

Please find attached our referral form. Feel free to fill out one for each client you need accommodation for and either scan and email them back to me or fax them back to me via

I've just had a chat to other workers in my office to see if they can come up with any creative solutions that might help your service. One suggestion was whether you could send me an email outlining the situation so we can forward it out through our housing network to see if we can come up with a collaborative response. If this isn't appropriate though that is completely fine but if this will help I am happy to do that.

I also rang a mental health housing service on the Coast here called Graceville (wasn't sure if you had already talked to them but they are just someone I thought of). Clients need to be 18 years of age though to be referred there. If you happen to have any clients who are currently 18 or about to turn 18 you might be able to try Graceville (<http://lccald.org.au/community-services-disability-support-nambour>).

Would love to assist you in any way we can to try and get some positive housing options for these kiddo's.

Cheers,

Gabbey Prosser

Transition Team,

I have just met with Cassie, Project Manager from [REDACTED] is very keen to support the transition of BAC Adolescents; I would like to prioritise [REDACTED] (and consider [REDACTED] as the staff will be specialised Mental Health Support worker staff.

There is no exclusion criteria. They are willing to provide trained Youth Mental Health Support Workers (seek and train) 24/7 if required in any location in Brisbane and surrounding areas. Unfortunately they do not providing Housing or Funding; we would be required to source and provide funding and accommodation.

As per model of risk mitigation I feel as thought this is the high level of support that is required. If this is an option that could be considered I would recommend that BAC staff provide outreach to adolescents and [REDACTED] staff during transition. I would also recommend that contact is made with Education Facilitators of Youth Mental Health Worker programs in order for expression of interest to take place in order to assist [REDACTED] with recruitment.

Look forward to your feedback,

Vanessa.

Subject: Support services for Barrett Adolescent Centre clients

Dear John,

We have received your contact details through the Youth at Risk Initiative (YARI)/Youth Support Co-ordinator Initiative (YSCI) from the Department of Communities.

Barrett Adolescent Centre is a service that provides medium term, recovery-oriented treatment and rehabilitation for young people aged 13-18 years with severe and persistent mental health problems, which significantly interfere with social, emotional, behavioural and psychological functioning and development. It is in the process of being closed in January 2014, therefore we are transitioning our clients to suitable community services.

We are interested in connecting our young people with services that provide life skill development, vocational/educational supports, community integration and age-appropriate leisure programs. The majority of our young people experience varying levels of anxiety and have been disengaged with their local communities for a period of time while they have been receiving inpatient mental health care, including attending an alternate education program. We have [REDACTED] clients that require the services outlined above as well as more intensive supports to monitor their safety, wellbeing and quality of life.

Could you please contact Vanessa Clayworth (Clinical Nurse Consultant) or Megan Hayes (Occupational Therapist) on [REDACTED] or via email with any support programs you are able to offer or to discuss further. We hope you can appreciate the time sensitive nature of this matter and the vulnerability of the young people involved.

Kind regards

Megan Hayes

Hi Gabbey,

I have forwarded the referral forms onto the Social Worker to complete.

Thank you for speaking with your colleagues re the current situation for Adolescents at Barrett. The unit will be closing end of January 2014. By December 2013 I hope to have community supports in place for all adolescents.

The remainder of adolescents do not require supported accommodation as they are returning to their families. They do however need support; example mentors.

If you could collaborate with other housing services that would be greatly appreciated. There is opportunity for brokerage in order to best meet the needs of the Adolescents.

Thank you for your time,

Vanessa
