Karlyn

I had seen this. I will raise it with Lesley Dwyer. My initial thoughts were to choke it of oxygen. It's not unexpected from Brett, he is prone to poorly thought through publicly broadcast interference.

Hi Bill

I am forwarding this email to you (although I know you were already a recipient) as I believe there needs to be some kind of response to the tone and content of Brett's email to Sharon, which was cc'd to a wide range of people. I believe this email is improper and breaches the code of conduct. I don't believe I am in a position to respond (other than to support Sharon, which I have done) but is this something the MHAODD would follow up?

Kind regards, Karlyn

Dear Ms Kelly,

Thank you for your letter informing that Dr Anne Brennan has been appointed in a temporary capacity as the Clinical Director of the Barrett Adolescent Centre. Dr Brennan is a senior and very competent clinician. I wish her well in this task and know the child and adolescent senior clinical group will offer her any support she requests.

Your communication did not mention the Clinical Director of the Barrett Adolescent Centre has fulfilled that position with good standing and a very high level of clinical acumen for approximately one quarter of a century. To my knowledge there have been past BAC complaints – all unsubstantiated. The Director suggests there has been one complaint every 8 years which is a remarkable achievement when considering the BAC clientele are, as a group, the most dys-regulated and challenging adolescent client group in Queensland. Investigations are important and often need to happen. In this case it is my hope this matter will be quickly resolved with the

same outcome that as has occurred in the past. I'm sure we all share this sentiment when considering the contribution of this valued colleague.

Finally, I was pleased to see the independent CMC has been notified (statement by Minister). The CMC will understand clinical governance never stands alone. Directors need support from peers laterally and support from their organisation vertically. To this end the CMC will no doubt investigate the timeliness, scope and diligence of the 12 months of corrective action (statement by Minister) provided by Mental Health and Specialist Services at West Moreton Hospital and Health Service. I wish you all the best in any such investigation.

Regards,

Brett McDermott.
