Subject: Support services for Barrett Adolescent Centre clients

Dear John,

We have received your contact details through the Youth at Risk Initiative (YARI)/Youth Support Co-ordinator Initiative (YSCI) from the Department of Communities.

Barrett Adolescent Centre is a service that provides medium term, recovery-oriented treatment and rehabilitation for young people aged 13-18 years with severe and persistent mental health problems, which significantly interfere with social, emotional, behavioural and psychological functioning and

development. It is in the process of being closed in January 2014, therefore we are transitioning our clients to suitable community services.

We are interested in connecting our young people with services that provide life skill development, vocational/educational supports, community integration and age-appropriate leisure programs. The majority of our young people experience varying levels of anxiety and have been disengaged with their local communities for a period of time while they have been receiving inpatient mental health care, including attending an alternate education program. We have [REDACTED] clients that require the services outlined above as well as more intensive supports to monitor their safety, wellbeing and quality of life.

Could you please contact Vanessa Clayworth (Clinical Nurse Consultant) or Megan Hayes (Occupational Therapist) on [REDACTED] or via email with any support programs you are able to offer or to discuss further. We hope you can appreciate the time sensitive nature of this matter and the vulnerability of the young people involved.

Kind regards

Megan Hayes

Hi Vanessa,

Unfortunately nothing at all, the only contact I have had back is from our youth shelter at [REDACTED]. They said they had spoken with you previously and that at that time they advised they weren't the best service for you because they are short term crisis accommodation and not an ideal setting for your clients. However in their email back to me they said if it comes down to it and you haven't found placements for your clients they will definitely help out. If you want their contact details again here they are:

Coordinator: Rachel Bunn

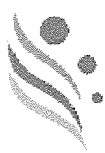

Phone: [REDACTED]

Email [REDACTED]

Have you had any luck in finding places for the [REDACTED] that you referred over to us? So far we haven't had any vacancies to be able to help them out. I really don't envy your position right now, and have been thinking of you and your clients! If you want to put together another email for me to forward out through the network to remind them that you still are looking for accommodation I would be more than happy to send that on.

Also I had this resource emailed to me the other day, chances are you have seen it already but I am attaching it just in case you haven't.

Hi Vanessa

We were just having a bit more of a discussion around [REDACTED] this morning and when [REDACTED] might potentially be coming to us. I thought I would just clarify how the start of next year looks for us. We are starting 2 week holiday programme 6-23rd Jan and then there is a gap and Term 1 of the day programme starts 30th Jan and follows school term times. I think we had discussed a start date of the 6th Jan which is fine but I thought it was worth outlining from the beginning that week gap in between programmes.

Kind regards

Liz

Hi Elizabeth,

I will discuss this with Barrett's Transition Team this Wednesday as I think it is a model that would be suitable and meet the needs of [REDACTED] I will make further contact with yourself on Thursday post meeting. I have forwarded email to Barrett's Consultant, Dr Anne Brennan.

Thank you for your time,

Vanessa.

Hi Vanessa

I think [REDACTED] would be suitable and comes recommended. I think it is probably worth taking the discussion a bit further up the chain and speaking to one of the [REDACTED] managers regarding this case especially as the funding is being provided by the department? I would be happy to assist if necessary.

Kind regards

Liz

I have limited knowledge of the amount of support [REDACTED] provide; although a Registered Nurse that currently works at Barrett has previously worked for [REDACTED] when living in [REDACTED] and identified it as a service that manages complex needs and behaviours.

Thank you for your time,

Hi Liz,

I spoke with Kylie today re setting up a Videconference with yourself and [REDACTED] allocated Case Coordinator at [REDACTED] and Case Coordinators here at Barrett. Kylie and I discussed 1400 hours on Tuesday 26th November. I have just sent Kylie an email requesting 1300 hours instead of 1400 hours. If you could discuss this with her at your next available time that would be greatly appreciated.

Thank you for the update re plans for the New Year. I have spoken to Barrett's Consultant and we are supportive of admission date of 6th January. I think [REDACTED] participating in the Holiday Program will enable [REDACTED] to see the local area and an opportunity to build rapport with Case Coordinator and other staff members in a low intensity environment.

Hi all

Just thought I would send a quick email to let you know that today went well.

Whilst there was some high emotion when we first arrived, the young people [REDACTED] and [REDACTED] seemed to be okay with us and we spent the first hour just chatting with them and hanging out.

[REDACTED] and [REDACTED] then wanted to do some art, which we were happy to engage in until lunchtime. [REDACTED] and [REDACTED] arrived just before lunch so Jae caught up with them briefly.

After lunch, we had a couple of facilitators come in to run a drum beat session....this was received less than favourably!! Only [REDACTED] participated fully, though [REDACTED] and [REDACTED] started but then left the group. Towards the end of the session, [REDACTED] participated in the body percussion we were doing. [REDACTED] watched from the side for most of the session and did not engage when invited to participate, nor did [REDACTED]. Despite this, I think the young people were all fairly comfortable with our presence by the end of the day.

[REDACTED] and [REDACTED] all expressed interest in future activities, though [REDACTED] was very disappointed [REDACTED] will not be present after today.

Overall, a fairly positive first day. Tomorrow the ultimate games bus will be there for the duration of the day program.

Vanessa, are the appropriate people aware that they will not be able to access the end of the cul-de-sac for the next 2 days?

Thanks again to Liam and Alex in particular, who were positive and welcomed us.

Anne and Vanessa, we hope to see you soon.

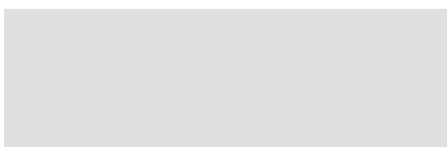

Regards

I am afraid no one seems to have any further suggestions. I am not sure whether discussion with [REDACTED] at a more senior level to see if they would bend the rules. Solas is one other organisation which has accommodation plans for [REDACTED] but I don't know how far down the track they are. I do wonder whether a cheap rental with 24 hour support staff may be a better option and then the staff may be able to be stepped down gradually in the longer term?

[REDACTED] would not be suitable for Residential Program which is [REDACTED] only and 24/7 in house support- locked facility. [REDACTED] depending on outcome from discussion at DG level could be considered for Semi Independent Living Program. The Acting Service Manager said that they would be open to a NGO provider being involved in order to meet the hours of supervision [REDACTED] requires. With that in consideration [REDACTED] application would need to request for a 2 bedroom unit so Support Worker would be able to sleep over. Support Workers are not required to have Mental Health Training.

Subject: Re: contact details for [REDACTED]

Hi Kate,

Apologies for delay in reply I have been out of the office late last week and this week. Thank you for the contact details. I have not yet heard from Kerry from ISART. Are you able to forward me Kerry's contact details.

[REDACTED]

There is a concern the team has with [REDACTED] It costs \$200 per term and [REDACTED] family are not able to pay the full amount. Are you aware of any funds that could be used to support [REDACTED] with continuing with the Enrolment to [REDACTED]

Thank you for your time,

Vanessa.

Hi Kym,

Thank you for the time yourself and Tess spent with myself. Your time was greatly appreciated.

I will put forward information re supports that we discussed to Clinical Care Transition Panel today (have planned to earlier but Panels have unfortunately had to be deferred due to clinical issues on the ward).

I am meeting with one of our day patient [REDACTED], [REDACTED] tomorrow to discuss what Headspace can offer [REDACTED] I hope that I can get [REDACTED] to self refer; we will facilitate transport for [REDACTED] if she wishes.

Once I have spoken with [REDACTED] I will phone you to discuss [REDACTED] further.

Do you think Tess would still be willing and available to come out to Barrett to meet with staff and adolescents and I can give her a tour of Barrett?

It was refreshing to see passion for Adolescent Mental Health within your team.

Thank you for your time,

Vanessa.

Hi Renee

Thank you so much for assisting us in prioritising a time in Dr Crompton's schedule to progress the Barrett Adolescent Centre consumer transition of care planning meeting.

If this still suits, please schedule in **Wednesday 6/11/13, 12.30 - 1.30pm at the Conference Room, Sanders St, Mt Gravatt**. Would you mind sending through the full set of venue details?

Attendees from West Moreton HHS will be Dr Anne Brennan (A/Clinical Director of BAC), Vanessa Clayworth (CNC of BAC) and Laura Johnson (Secretariat). Dr Darren Neillie (A/Director Clinical Services) will also try to attend, but may need to t/conf in if the facilities are available.

I have informed Anne and the team of the option to stay beyond 1.30pm with the Metro Sth clinicians (as nominated by David) to finalise the planning arrangements, noting that David will need to leave at 1.30pm.

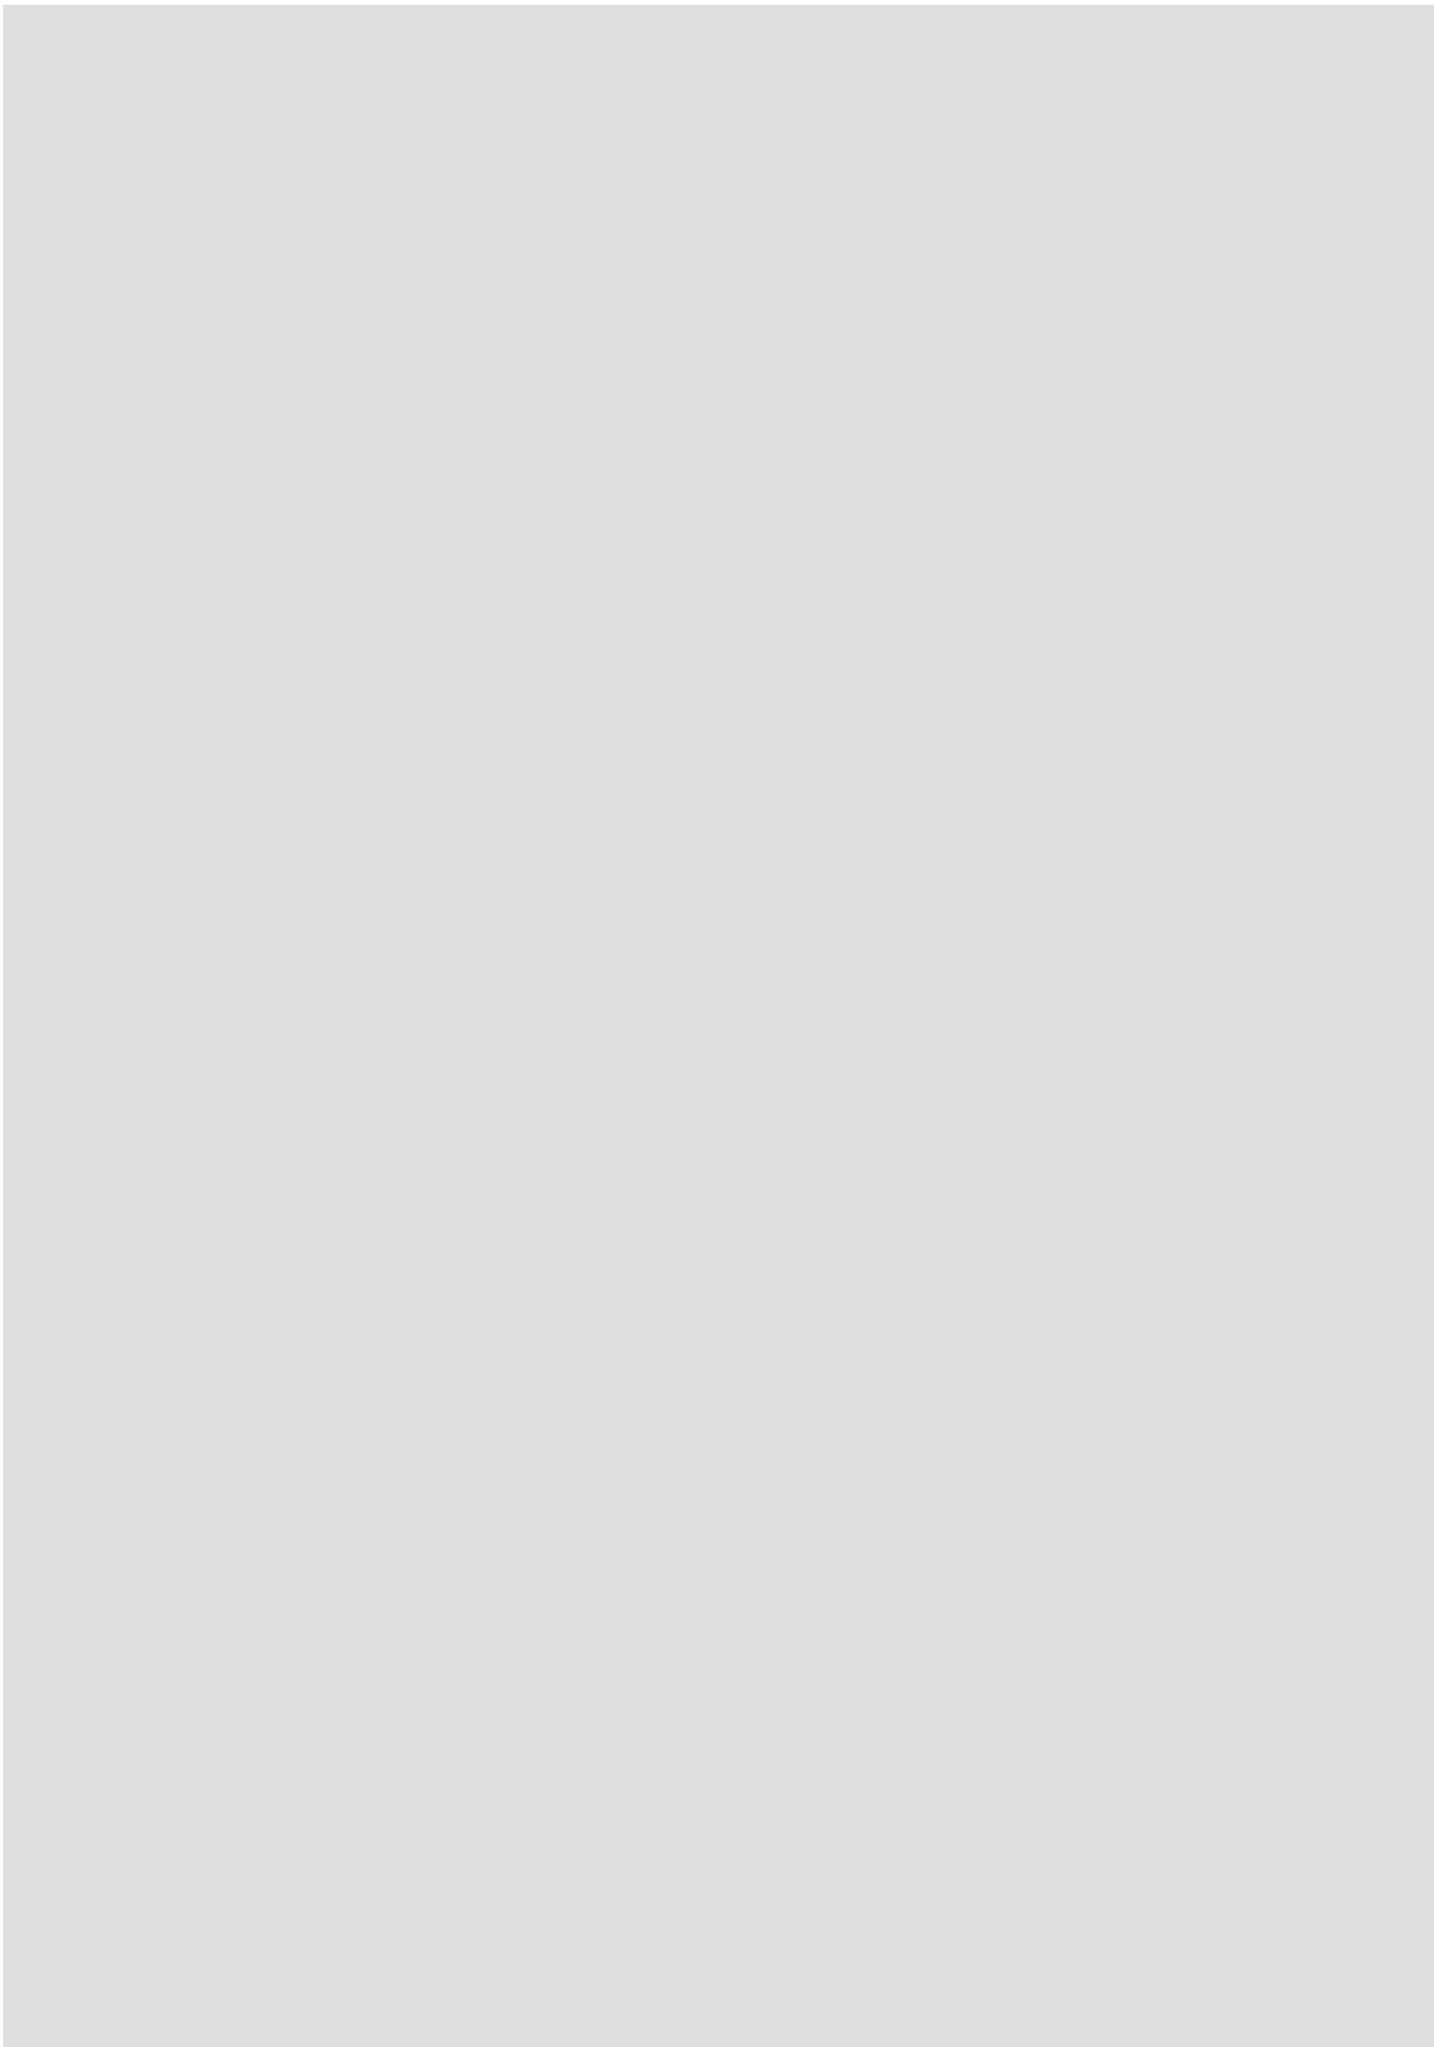

If there are any changes required, please feel free to give me a call.
Thanks again, Leanne

I also think it would be a good idea to have a complete documented history of [REDACTED] time at the Barratt Adolescent Centre. Would it be possible to see [REDACTED] charts or to have file notes that have not been uploaded on to CIMHA scanned and uploaded by an administration staffer?

Hi all

Just thought I would send a quick email to let you know that today went well.

Whilst there was some high emotion when we first arrived, the young people [redacted] and [redacted] seemed to be okay with us and we spent the first hour just chatting with them and hanging out.

[redacted] and [redacted] then wanted to do some art, which we were happy to engage in until lunchtime. [redacted] and [redacted] arrived just before lunch so Jae caught up with them briefly. After lunch, we had a couple of facilitators come in to run a drum beat session....this was received less than favourably!! Only [redacted] participated fully, though [redacted] and [redacted] started but then left the group. Towards the end of the session, [redacted] participated in the body percussion we were doing. [redacted] watched from the side for most of the session and did not engage when invited to participate, nor did [redacted]. Despite this, I think the young people were all fairly comfortable with our presence by the end of the day.

[redacted] and [redacted] all expressed interest in future activities, though [redacted] was very disappointed [redacted] will not be present after today.

Overall, a fairly positive first day. Tomorrow the ultimate games bus will be there for the duration of the day program.

Vanessa, are the appropriate people aware that they will not be able to access the end of the cul-de-sac for the next 2 days?

Thanks again to Liam and Alex in particular, who were positive and welcomed us.

Anne and Vanessa, we hope to see you soon.

Morning Vanessa

Good to meet you last week & many thanks for the positive feedback.

We are having a Complex Care Review regarding [REDACTED] today as we could not have both of them there together.

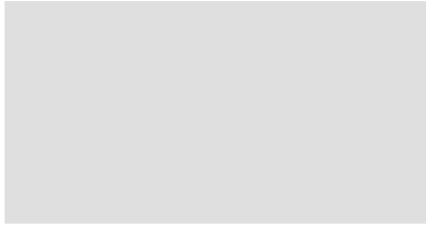

Belinda (RC CYMHS) looked into the [REDACTED] and gives it the thumbs up but [REDACTED] will still require a package and wrap around services.

You talked about successes on the [REDACTED] with transitioning consumers out of BAC, can I ask what worked and what was more difficult.

I will update you when I have some further information

I would think the first meeting would be without [REDACTED] to just discuss the different services expectations and recommendations.

No updates re [REDACTED] we are trying to get the unit empty for [REDACTED] but this is unlikely before early January as we are struggling to find [REDACTED] leaving this unit.
