Dear all

Please find attached version 4 of both the Service Model Elements Document and the Preamble for the BAC Strategy.

I am hoping both documents now fully capture the key issues and position of the ECRG. However, please note the red highlighted sections in the Preamble require me to put some additional information in tomorrow.

I would like to submit these documents to the BAC Planning Group as soon as possible this week. **I will only do this with a final email from each of you (replying to all ECRG members) that states you either:**

1. **endorse the document as is, OR**
2. **endorse the document based on specified changes (that you need to outline briefly but clearly in the email).**

It would be appreciated if all emails could be sent by COB Tuesday 7/5/13. Please call if you have any concerns about the time frame.

Thank you once again everyone, Leanne
