Good morning to you both

I have spoken with Bill Kingswell. He is on study leave this week but has agreed to phone in for the Friday 8am mtg.

Bill has met with David Crompton and written to Richard Ashby re the YPARC unit being established at Metro South. They have agreed to accept the \$2M for this purpose in the next amendment window, and have guaranteed that the service will accept referrals in alignment with the closure plans for BAC (Dec/Jan).

Metro South will also do all the contracting related to bringing in an NGO for operational mgt of the unit, and so I think this will now be achievable within the timeframes we need. Metro South are already doing their own contracting around the new CCUs, and so have both the manpower and experience to complete this task in a timely way (as opposed to MHAODB).

have a good day, Leanne
