Nursing Staff,

Please find below a forwarded email from Will Brennan and Sarah Widin (Nursing Director Caboolture). I would like to take this opportunity to congratulate staff on the high level of care they provide the adolescents and to say thank you for supporting each other over this difficult time.

Thank you for your time,

Vanessa.

Hi Will, please pass onto your staff this compliment below from Justine Lang our MH coordinator.

Also just a bit of positive feedback, on Sunday I had to assist with a [REDACTED] [REDACTED] I rang the Barrett Adolescent Centre to liaise with them about transferring [REDACTED] back to them thinking it was going to be a difficult project, however much to my delight and surprise they were fantastic and happy to receive [REDACTED] back giving me clinical information on what works best for [REDACTED] and how to manage [REDACTED] behaviour right down to the best medication to use and the doses they treat [REDACTED] with, we discussed that [REDACTED] and they were happy for [REDACTED] to be returned, gold star to them and the staff on that night, are you able to send thanks from me to whoever manages the unit?

kind regards

Sarah Widin
